

Athena Diagnostics Client Test Requisition

Client Services is available Monday through Friday from 8:30 AM to 9:00 PM EST at 1.800.394.4493, option 2
If you wish to have Athena Diagnostics bill the insurance company directly, please use the Insurance and Advance Pay Test Requisition.
Please note: Athena Diagnostics must bill hospitals directly for all Medicare hospital inpatient and outpatient testing.

	Please note: Athena Diagnostics must bit	it nospitals directly for all wed	dicare nospital inpatient and outpatient testing.

		variants, please order Code 728.			☐ 745 SCNN1B DNA Sequencing Test		

Reflexive testing is performed at an additional charge.

MOLECULAR GENETICS SPECIMEN REQUIREMENTS: Specimen Type = Blood, Volume = 8 mL, Tube Type = Lavender Top.

NOTE1: Saliva is acceptable for most genetic tests. Call Athena at 1-800-394-4493 to order Saliva kits and see the Additional Information Column for exceptions.

NOTE2: The pediatric minimum is 2 mL for Neurodevelopmental Disorders & Epilepsy.

NOTE3: Copy Number Variant (CNV) is equivalent to Deletion and Duplication.

IMMUNOLOGY SPECIMEN REQUIREMENTS: Specimen Type = Serum, Volume = 2 mL, Tube Type = Serum Separator Tube.

Reflexive testing is performed at an additional charge.

QD91640-ADX 3/23

MOLECULAR GENETICS SPECIMEN REQUIREMENTS: Specimen Type = Blood, Volume = 8 mL, Tube Type = Lavender Top.

NOTE1: Saliva is acceptable for most genetic tests. Call Athena at 1-800-394-4493 to order Saliva kits and see the Additional Information Column for exceptions. NOTE2: The pediatric minimum is 2 mL for Neurodevelopmental Disorders & Epilepsy.

NOTE3: Copy Number Variant (CNV) is equivalent to Deletion and Duplication.

IMMUNOLOGY SPECIMEN REQUIREMENTS: Specimen Type = Serum, Volume = 2 mL, Tube Type = Serum Separator Tube.

Ple	ease Refer to the Additional Information (G	ienes, Antibodies, Comments) Column b	elow for s	pecimen requirement exceptions.
